

1200 Accurist Divider

A divider producing bread or rolls with the same accuracy as the high output industrial Accurist Dividers, but with an even lower cost of ownership for the Master Baker. It can be used individually or as a fully synchronised part of the Accurist 1200 Bread/Roll Plant.

Master Baker 1200 Accurist Divider

Options

- 1 Stainless steel dough contact parts
- 2 Variable speed
- 3 Batch counter
- 4 Choice of left or right hand conveyor and feed hopper
- 5 Die assembly for 70-120g
- 6 Die for bread only

Services

Power 1.1 kW (1.5 hp) 3 phase supply

Performance

	Weight range	Output
Bread	120-1000g	1200/hour
Rolls	20-80g	3600/hour

Features

- Quick simple change over from bread to rolls – no changing of parts
- Unique Accurist divider design gives access to dividing box and conveyors for cleaning
- Polymer parts in dividing box reduce cost of ownership. Tests have shown virtually no wear after 10,000 hours production
- Swan neck hopper with durable non-stick lining
- High pressure pumped oil system with low oil level protection
- Minimum maintenance required
- Wheel mounted for mobility
- Combined with the Simplex moulder eliminates need for separate roll equipment
